INTER-STATE SCHEDULE.

Wheeling Fared Very Well at the Hands of the Schedule Makers, but There Are Entirely Too Many Useless Jumps.

Wheeling didn't fare at all badly at the hands of the inter-state schedule makers comparatively speaking. The Stogies have fifteen Sunday dates at home and four abroad. The team plays at Mansfield on Decoration Day and Mansfield is the attraction here on the glorious Fourth.

Generally speaking, however, the schedule is not a model by any means. It looks very much as though the railroads had a hand in its construction, for it calls for more jumping about the circuit for brief trips than any schedule within one's recollection.

The schedule is as follows:

THE KENTUCKY FUTURITY.

The Renewal for 1900 Foals the Largest List in Its History.
LEXINGTON, Ky., March 25.—The eleventh renewal of the \$20,000 Kentucky futurity for foals of 1900 has just closed with the largest entry list in its history, a total of 1,487 nominated mares.

Although the high standing of the Kentucky Trotting Horse Breeders' Association has some bearing on the result, there is said to be but one explanation for this record-breaking entry, and that is the long-expected has come at last and the trotting breeders of America are on the eve of an era of prosperity after almost a decade of depression.

The entries are from all sections, embracing thirty-five states and territories. Kentucky is naturally the heaviest nominator, but the other states are liberally represented. Among the entries by states are: Kentucky, 566; New York, 168; Pennsylvania, 69; Ohio, 61; West Virginia, 18.

State breeders now realize the value of stake engagements to themselves and the buyers of their colts is shown by the fact that thirty-five have each named ten or more mares. There are 35 colts represented. Of these 225, or more than sixty per cent, have records of 2:30 or better, and 30 are in the 2:10 class.

Of the 1,487 mares named, 624, or over forty per cent, either possess or have produced standard speed. A remarkable percentage, the size of the entry considered, 208 of the mares have produced winners, and 96 of these have each foaled from two to six performers.

Scarcely any celebrated mare in the breeding ranks is absent from the list, and the result of the mating of famous horses, like Star Pointer 1:59 1/4, with Lena N., 2:05 1/4, and of Directum, 2:05 1/4, with Pixley, 2:08 1/4, and of Arion, 2:07 1/4, with Nancy Hanks, 2:04, will be watched with interest.

BELLAIRE HAPPENINGS.

Matters of Interest in the Metropolis of Belmont County.

C. D. Hilles, who has been steward at the boys' industrial school at Lancaster, the past eight years, and who filled the place with credit to himself and to the satisfaction of all concerned, was, on Friday evening last, elected superintendent of that institution by the board of trustees. He is a son of Samuel Hilles, of Harnersville, a Belmont county boy, but now an honorable and capable man. The board instructed him to adhere strictly to the law. There are about eighty employees in the institution, but not more than eight of them can come from even the largest counties.

Evangelist S. D. Gordon began his five days' convention in the First Presbyterian church yesterday afternoon and this evening at the opera house. The balance of the programme is as follows:
Monday, March 26—Two meetings at the First Presbyterian church, at 3:30 and 7:45 p. m.
Tuesday, March 27—Two meetings at the Christian church, at 3:30 and 7:45 p. m.

Everyone earnestly invited.

There is more general prosperity in this city now than has been known at any time since the '80's, and within thirty to sixty days about four hundred more persons will be employed in the glass business than for ten years past. Every industry here has been enlarged within the past two or three years, some of them fully quadrupled, and the conditions could hardly be hoped to be better.

H. H. Kildow, of Belmont, was in Bellaire, Saturday, relative to his candidacy for county recorder. It is an error that he will defer his candidacy. He is out now for the nomination and has friends in all parts of the county. He is a very genteel gentleman and is well and favorably known to some of our people.

There were two alarms of fire here Saturday morning, both caused by a blaze being discovered in the roofs of houses, but both were extinguished without great loss. The one Sunday morning about 5:30 took the department to Gravel hill, and got people generally out earlier than they would have been.

This evening the Ariel Sextette, the last of the course of winter entertainments, will be given, and the committee in charge urge a good attendance in order to square accounts, and it should be given, as the concert will be good.
